

Concessions 101 in 5 minutes

****Sign in/out** – there will be a notebook or clipboard in the wooden hutch/ uniform area to sign in and out for your shift. This is for crediting your volunteer hours worked.

****Ice-pops**- At the start of each game, a team rep will stop by to pick up X amount of colored popsicle sticks to hand out to each team player at the end of their game. There will be a notebook with teams/times for them to initial upon receiving their sticks to avoid duplication.

At the end of each game, the kids will stop by to turn the sticks in for an Ice-pop. There will be scissors to cut them open before giving it to them. If it's busy, it's easier to pull the whole container out from the white refriger/freezer and let all pick from that. During hot and/or humid days, get the pops back into the freeze asap. There are more in the back freezer for "frozen" back-up

Note- towards the latter ½ of the day, certain flavors will run out. Pulling out more pops is fine if you're running low all together but, let the other flavors get picked over in the meantime. It's o.k. to go digging for a flavor if it's a purchase.

****Snack Vouchers** - We are providing an option for the team snack of the day family to purchase a voucher for each team player @ \$1 each instead of bringing their own in. Kids will bring these vouchers to the stand and can choose a juice (juicy juice or Capri sun) and a non-candy .50 cent snack (pretzels, chex-mix, animal crax, cheeze-its, chips, cheese, go-gurt, etc). For now, vouchers are assorted game cards located under the snack table in a clear plastic container.

****½ time Snacks** – we are also providing an option for above mentioned to also purchase a ½ time snack. It's going to be fresh fruit of some kind and I'll post on the refrigerator the pricing. These will be cut/ put together to order.

****Color coded pricing** - tried to simplify pricing by color coding the items. A chart is located on the sides of the reach-in fridge. This also matches the colored "strips" located on the shelves

****Breakfast tacos and sausage wraps are also coded**- there will be several types of wraps in the roaster pan. They will be color stickered and a decipher sheet will be provided

****Shirts /spirit wear money**- Any money collected for shirts, uniforms, etc, will go into the zippered pouch next to the cash drawer.

****Kids in the stand** –we have little problem with encouraging young sellers and assistants, BUT PLEASE know the difference between help and hindrance. The latter makes it difficult and frustrates everyone else trying to work.

****Checks**- made out to DSUSA and if it's for a uniform, please memo the kid's full name and age.

****Misc**- there will be assorted instructions posted around the stand detailing more info. We are also trying to have a previous stand volunteer per shift to help out with any other questions. Thanks, good luck, and have fun!!
